sunny prospects

visionary technology for a
successful future

For more than 35 years, the world's most popular sunbed brand has been delighting its customers with innovative UV and other light technologies. No matter which product you go for, it always the right decision when you invest in the best of the best.

**step into
the future
with us**

ELEMENTS  by *Ergoline*

Modelled on the energizing light of the sun, sculpted by wind and water. Discover the first full LED tanning bed for a completely new tanning experience. Leave the ordinary behind and be mesmerized by innovation brought to life.

The image features a grid of approximately 20 small, square-shaped frames arranged in a roughly rectangular pattern. Each frame contains a distorted, colorful image of a person's face, likely a woman, with vibrant reds, blues, and whites. The images are heavily warped and stretched, creating a surreal, abstract effect. The entire grid is set against a solid, light blue background. In the center of the grid, there is a white rectangular box containing the text "spectra by ergoline" in a simple, black, sans-serif font.

spectra by ergoline

gentle & effective

LED technology
from the
number 1

Efficient, energy-saving and kind to the skin, Spectra generates the precise light spectra needed to make each tanning session as enjoyable as possible. Heat is often seen as synonymous with tanning but, in fact, the opposite is true: If the skin is subjected to too much heat, it triggers a response from the blood vessels to help to cool the skin. Blood is diverted away from the skin, which can restrict the tanning response.

The Spectra LED facial tanner guarantees homogeneous illumination for a deep, even tan. It reduces energy consumption by 2,000 watts and has a significantly longer service life without any noticeable drop of performance. For the ultimate, yet gentlest and most effective tanning results ever.

LESS HEAT, MORE TAN

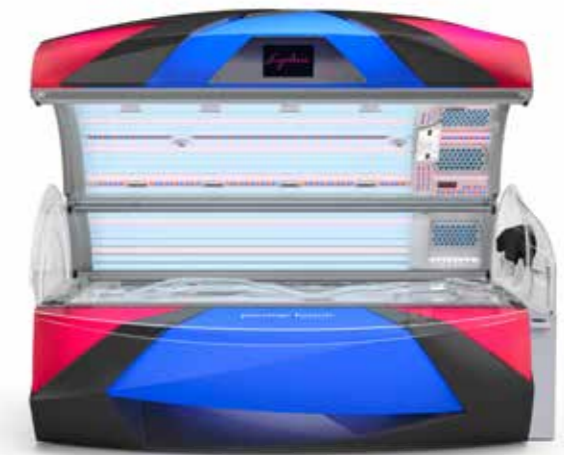

fusion technology

fusion of light

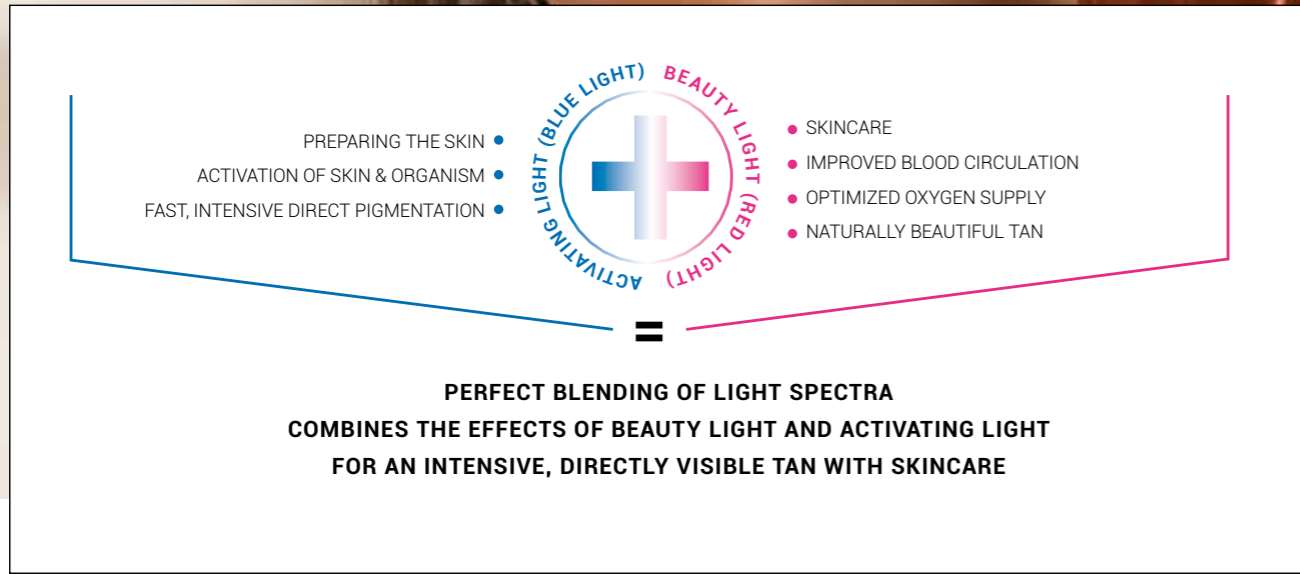

These top models from Ergoline combine the effects of blue Activating Light LEDs and red Beauty Light LEDs for the first time.

Prestige Fusion

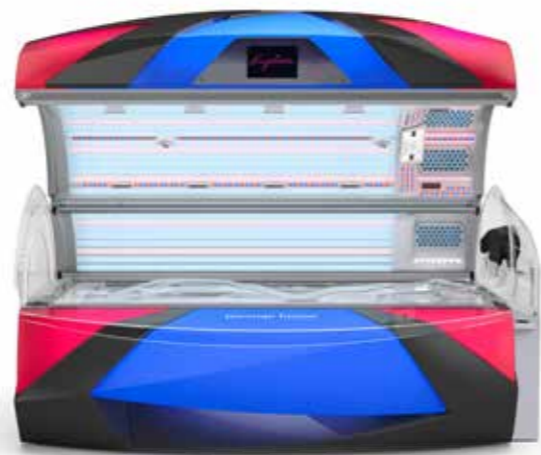

Vitality Fusion 50

FUSION TECHNOLOGY OFFERS PARTICULARLY INTENSIVE TANNING RESULTS WITH SKINCARE. HIGH-PERFORMANCE LEDs ENABLE PERFECT BLENDING OF THE VARIOUS LIGHT SPECTRA.

Prestige Bluevision

intensive tanning with skincare

fusion technology

The top model from Ergoline combines the effects of blue Activating Light LEDs and red Beauty Light LEDs. With the interaction of the two coordinated light spectra, Prestige Fusion enables a particularly intensive and beautiful tan. The wellness equipment with Aqua Fresh, Aroma, Climatronic Plus and Cinematic sound system including Bluetooth® and Wireless Charging offers luxury at the highest level.

The Prestige Fusion is available in two UV versions:

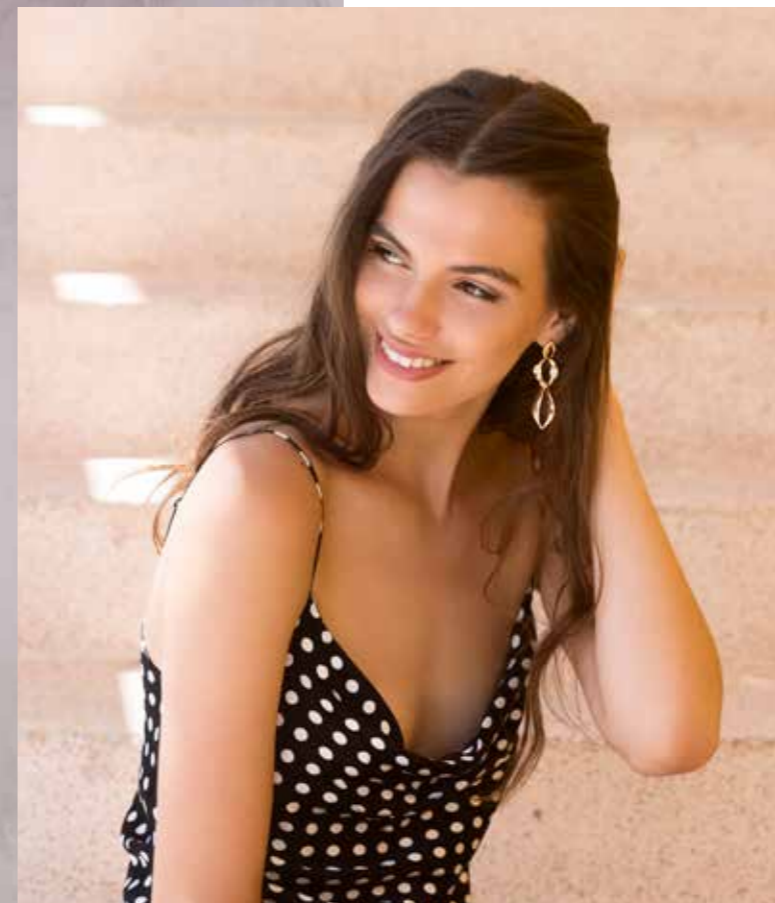

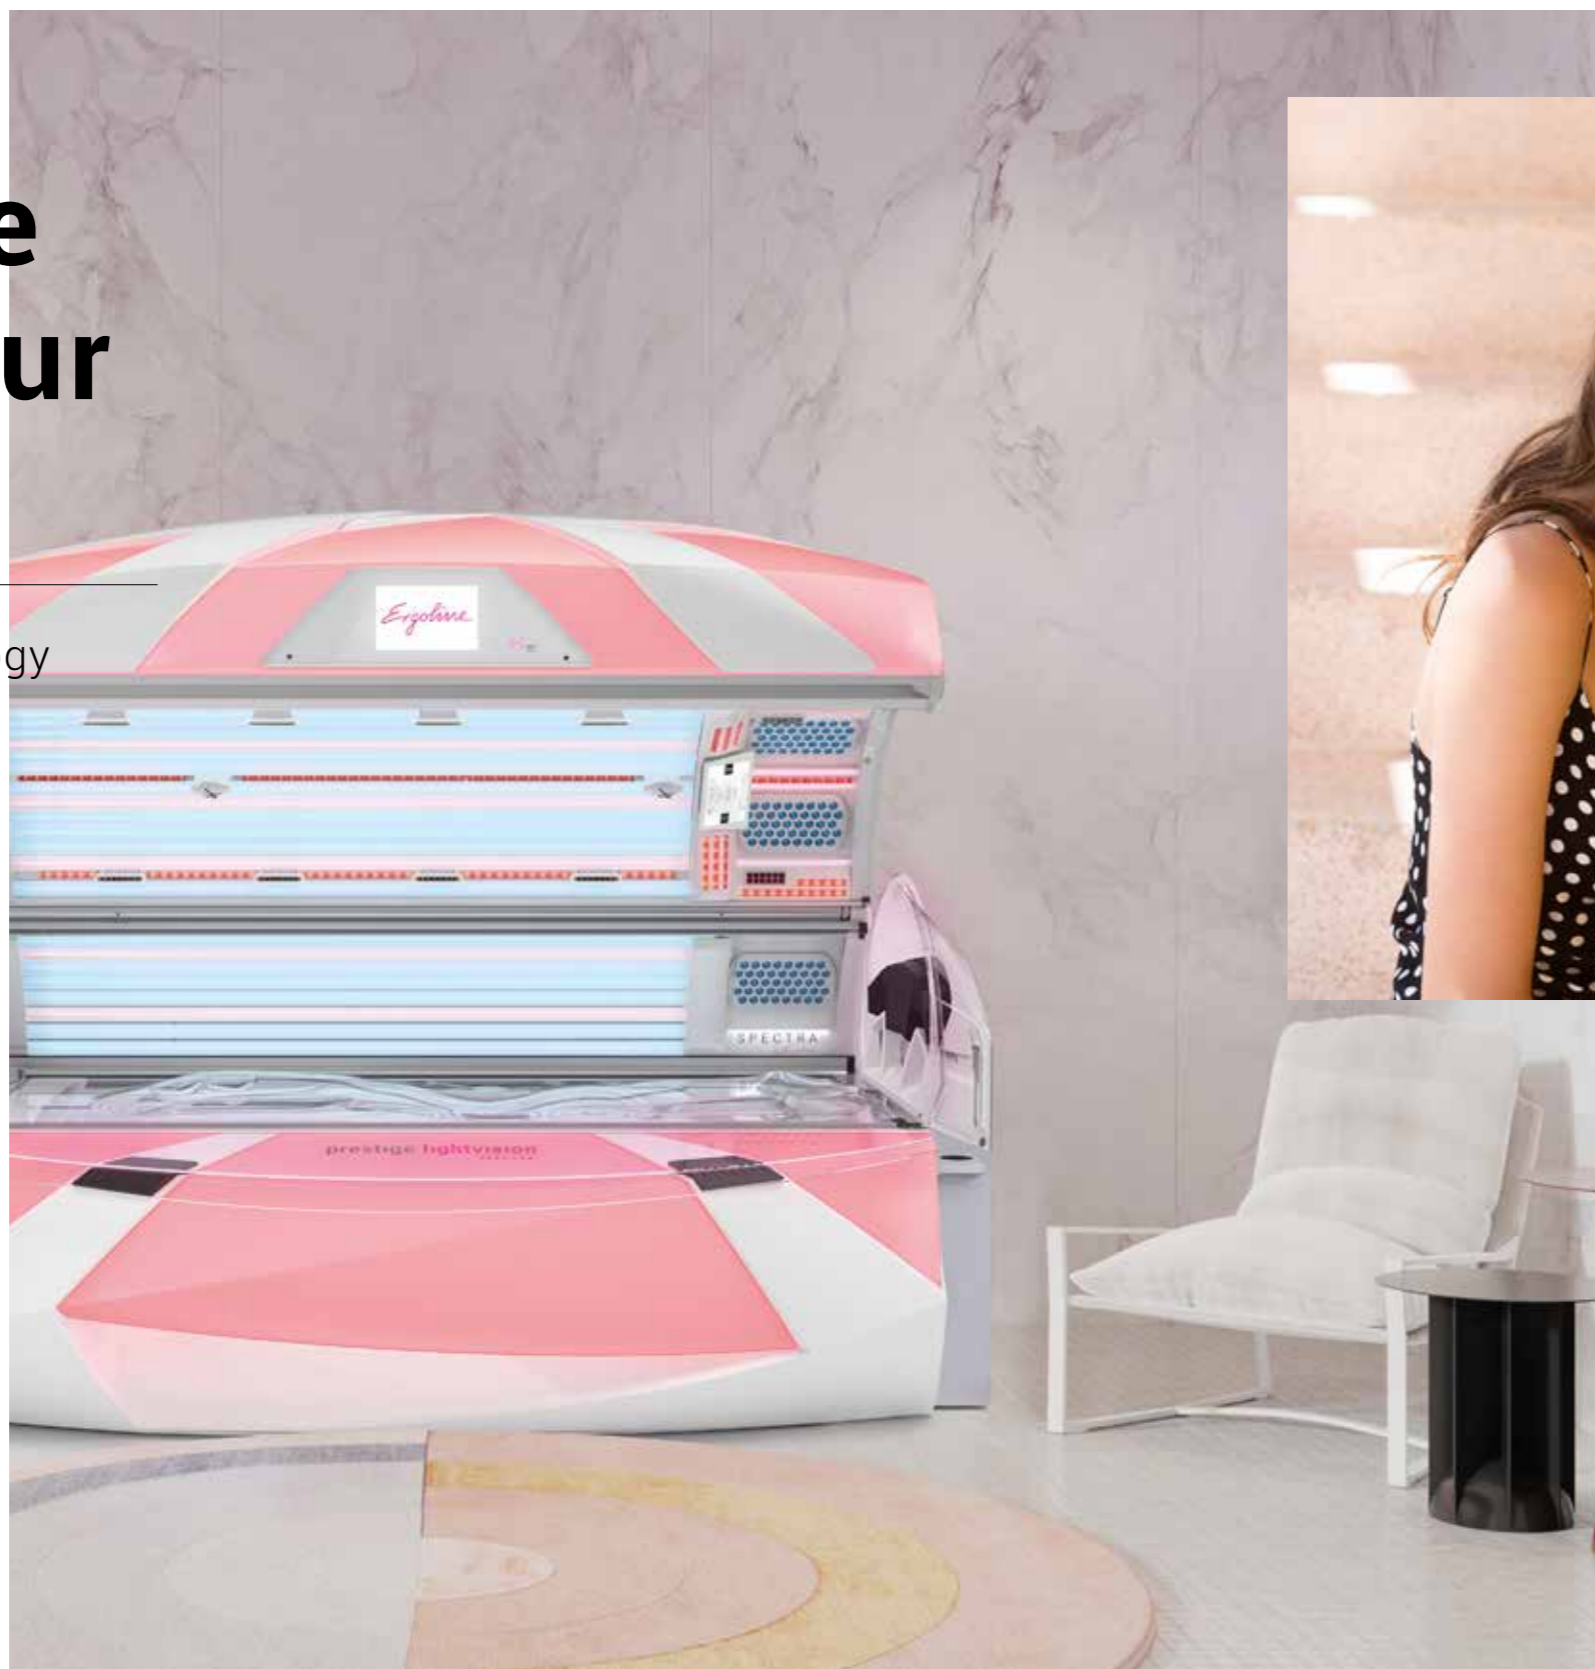

In the Blue UV version, 14 Ergoline Blue tubes and the UV LED Shoulder Tan provide a special focus on the directly visible tan on the body. As a Hybrid variant, the skin is additionally cared for with 14 smartsun Plus tubes.

beautiful, natural tan

hybrid technology

#luxurytanningmoments

Vitality Hybrid represents naturally beautiful tanning with intensive skincare. The red Beauty Light pampers your skin during your tanning session, leaving you impressed by your beautiful glow and silky soft skin. You can choose between the large Vitality Hybrid 50 and the extra compact Vitality 46, which will fit into even the smallest of cubicles. No matter which model you go for – at 214 cm long, the large Multi Relax bed has plenty of space for relaxation.

The Vitality Hybrid 50 is a real treat with its extensive range of comfort equipment. But even the entry-level model offers a relaxing time-out with Air Condition Plus, Surround Cooling including foot fan and the optional Cinematic Sound with Bluetooth® and practical Wireless Charging.

VITALITY HYBRID 50: 90 BEAUTY LIGHT LEDS / 4 SPECTRA LED FACIAL TANNERS / LED SHOULDER TAN / 3-ZONE VENTILATION / SELECTABLE UV INTENSITY / FULLY EQUIPPED AS STANDARD

VITALITY HYBRID 46: 72 BEAUTY LIGHT LEDS / 3 SPECTRA LED FACIAL TANNERS / LED SHOULDER TAN (O) / 2-ZONE VENTILATION / SELECTABLE UV INTENSITY

enjoy the sun

UV technology

The two entry-level models from the Vitality range combine market-leading UV technology and a well-rounded design concept at a particularly attractive price. A total of 50 UV tubes and 4 Spectra LED facial tanners or 46 UV tubes and 3 Spectra LED facial tanners deliver exceptional tanning. Standard Air Condition Plus and Surround Cooling including a foot fan guarantee a refreshing tanning experience. The optional LED shoulder tanner and Cinematic Sound with Bluetooth® and Wireless Charging offer a perfect all-over tan and an incredible sound experience.

Inspiration 600

Inspiration 500

Inspiration 500 SLP

our compact class

smart performance

With dual circuit ventilation system, 3D-Sound and NFC Connect the Inspiration 600 offers the kind of comfort you would otherwise only find at the top of the range. With 4 facial tanners and 42 UV lamps (Smart Performance), the Inspiration 600 is at the top end of the compact class.

With 3 facial tanners and 38 UV lamps, the Inspiration 500 with Smart Performance technology offers outstanding tanning performance with desirable energy savings.

INSPIRATION 600: TWIN POWER:
42 UV LAMPS / 4 ULTRA PERFORMANCE PLUS
FACIAL TANNERS / NFC CONNECT, 3D-SOUND (O)

INSPIRATION 500:
SUPER POWER: 38 UV LAMPS / 3 ULTRA PERFORMANCE
PLUS FACIAL TANNERS / 3D-SOUND (O)

smart tanning

hybrid performance

The Inspiration 500 SLP is the entry-level model in Ergoline's Hybrid Technology. Smart Light Performance (SLP) combines intensive tanning UV light with Beauty Light skincare in a high pressure facial tanner. Despite reduced UVA, the smartsun bulb, a glass reflector with 120 layers of special coating and a newly designed filter glass, combine to produce an intensive and long-lasting tan. The red Beauty Light improves blood circulation, thus optimising the tanning result – without the need for stronger UV doses. At the same time, Beauty Light cares for the skin, even during the tanning session, and supports a lovely and fresh complexion. Three additional smartsun spaghetti lamps enhance the spectrum with a combination of UVB and Beauty Light. After just a few hours, a natural and long-lasting tan develops.

3 SMART LIGHT PERFORMANCE FACIAL TANNERS (SLP) /
38 LAMPS (HYBRID: SMARTSUN + UV) / 3D-SOUND (O)

fitness & beauty

hybrid light LED

The Sunrise 7200 Hybrid Light LED offers a combination of UV and red Radiance light enabling a natural, seamless tan with skincare. During the tanning session, the face and décolletage area are treated by special Beauty Light LEDs – for smooth skin and a fresh complexion. The 14 smartsun Plus lamps also guarantee glowing, beautiful skin for the body. With Personal Sunstyle, the Sunrise Hybrid Light also offers three customised tanning programs – so your customers can decide how they would like to enjoy their tanning session. The patented Vibra Shape vibration training helps with weight loss, firms up connective tissue and helps prevent cellulite.

HYBRID PERFORMANCE / 14 X 200 W SMARTSUN + 34 X 200 W UV LAMPS / 60 BEAUTY LIGHT-LEDS / SELECTABLE UV INTENSITY / VIBRA SHAPE VIBRATION TRAINING / 3D-SOUND WITH BLUETOOTH® / SURROUND COOLING PLUS / AROMA

simply beautiful skin

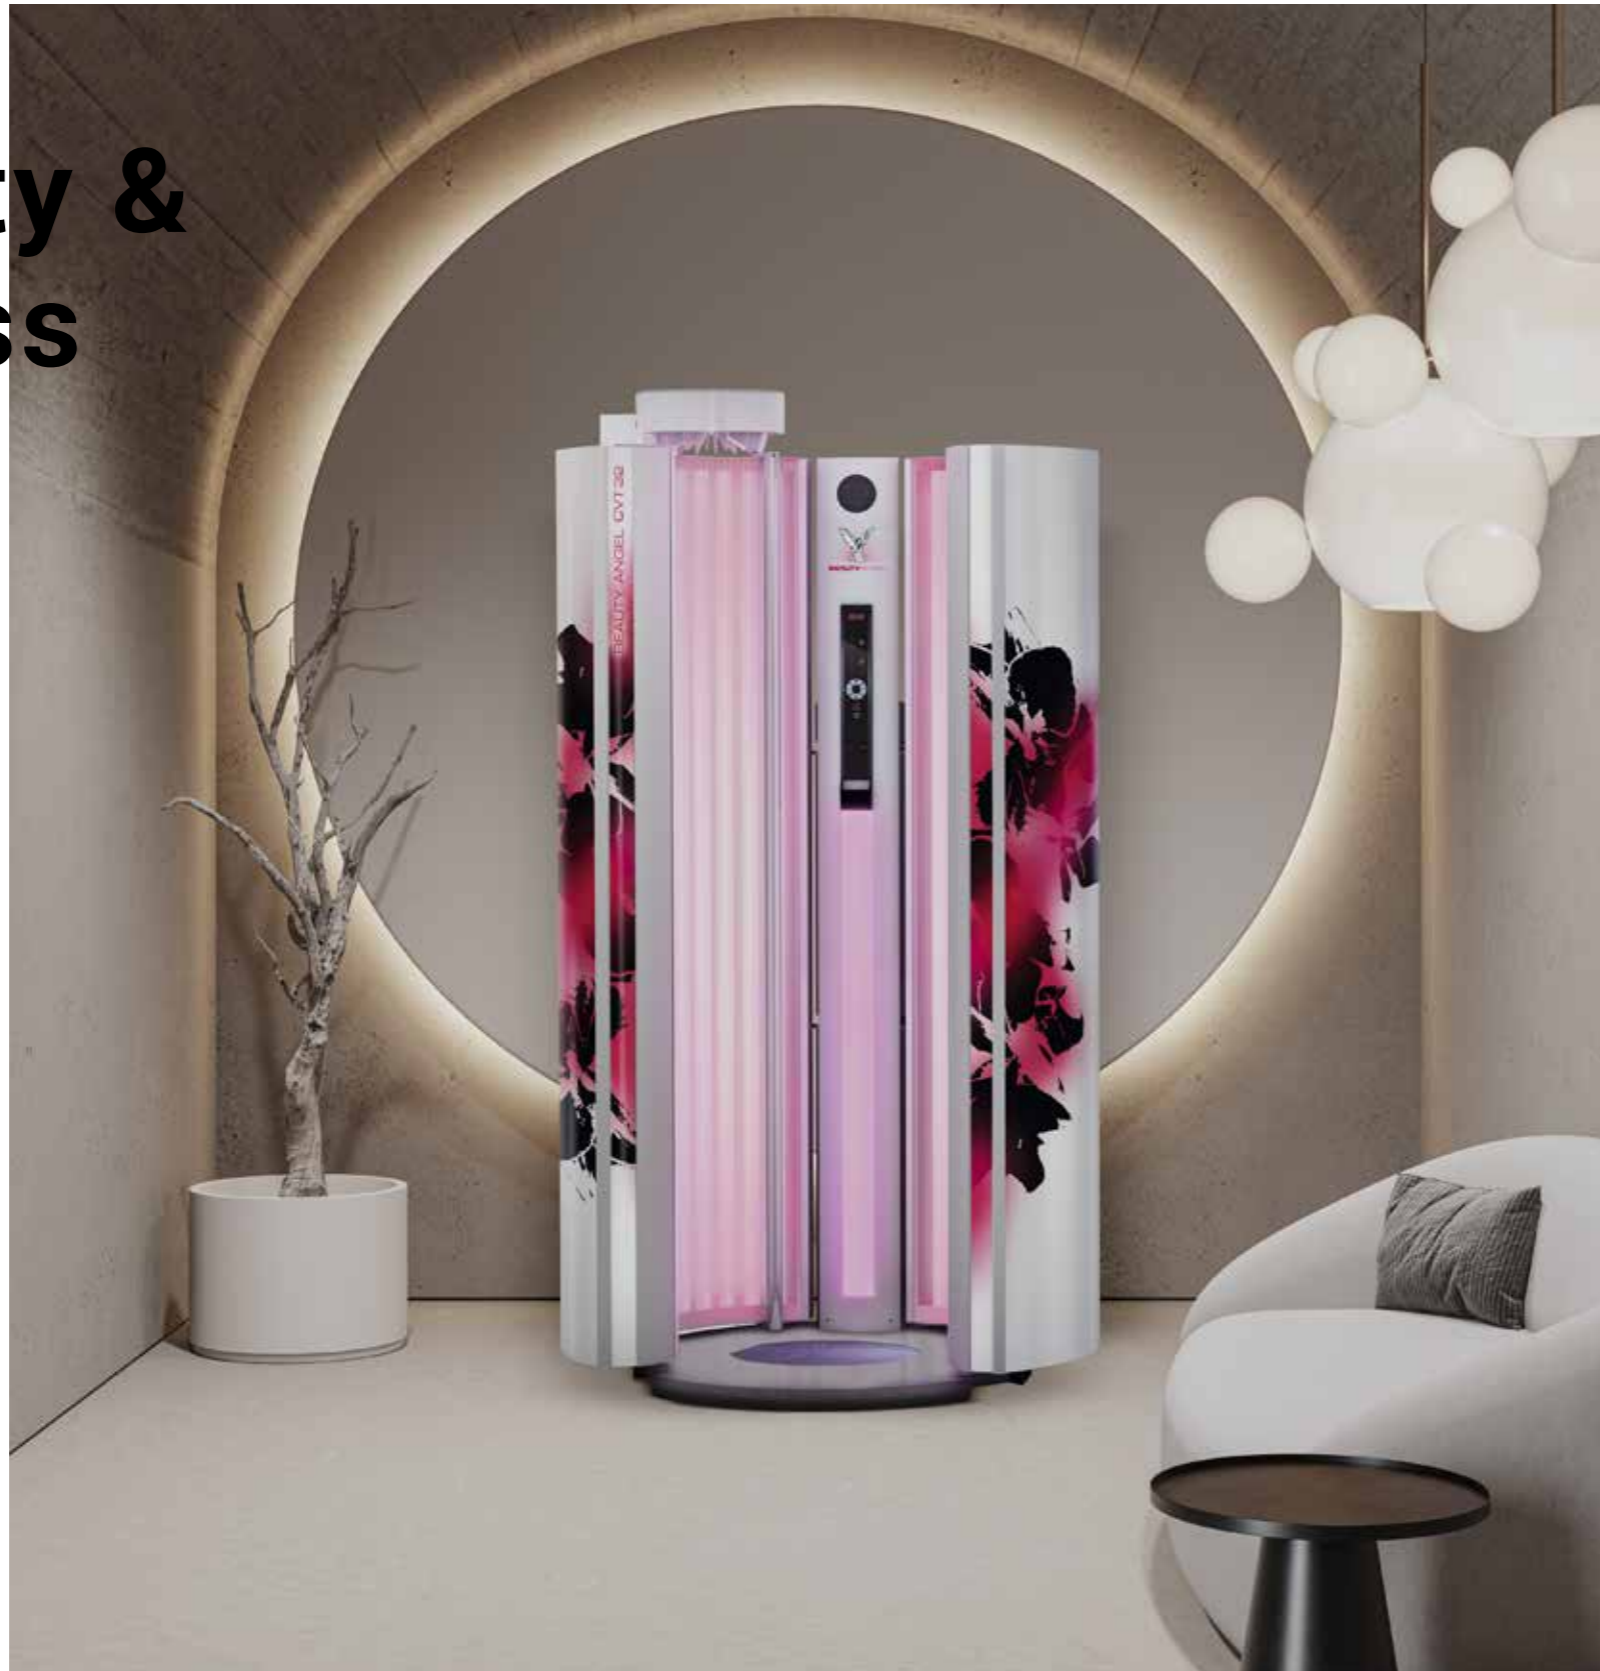

beauty light

The Beauty Angel is an innovative light and wellness treatment that fulfills the desire for gentle and natural skin care. Beauty Light applications in combination with the patented Vibra Shape vibration training are the megatrend in the USA. Discover the holistic treatment for well-groomed skin and a firm body.

32 BEAUTY LIGHT LAMPS / UV FREE TREATMENT / VIBRA SHAPE VIBRATION TRAINING / SURROUND COOLING PLUS / AROMA / 3D-SOUND WITH BLUETOOTH®

beauty & fitness

#heyoulookbeautiful

With its small dimensions, the CVT 32 fits into the smallest of spaces. Complementing the light application the Beauty Angel CVT 32 with Vibra Shape is the holistic approach to beauty and fitness. This is made possible by a vibration plate integrated into the base. The vibration plate with alternating side movements similar to natural walking trains all muscles in the legs up into the back. At the same time, calories are burned and cellulite can be prevented effectively thanks to the encouraged tightening of the connective tissue. Improved circulation and micro-circulation reinforce the results of the light treatment.

warranties

This price list takes effect from April 2024. It will retain validity until a new price list is published. The products offered in this price list are exclusively distributed by JK-International GmbH and their trade partners. The prices quoted are list prices and exclude statutory VAT. JK-International GmbH reserve the right to make changes to the technical execution and design, price and delivery options.

WARRANTY: JK-International GmbH guarantees the purchaser for a period of 24 months starting from the date of delivery that the goods are free from defects which would ruin or reduce their sales value. High-pressure lamps, low-pressure lamps and starters as well as base acrylics are components that are subject to a process of natural wear. Defect-related claims on part of the purchaser shall be ruled out if the product defect is the result of wear. As far as the defect of the goods is based on wear of these parts, claims for defects of the buyer are excluded. The products listed must not be exported to or operated in either the USA and Canada. JK-International GmbH shall not accept any producer's liability in this case. It is expressly pointed out that any violation of this ban may subject the exporter and/or operator to high risks of liability. All devices and additional items listed in this price list are intended for sale in the Federal Republic of Germany. JK-International GmbH only assumes the legally prescribed product liability in this case.

A close-up photograph of a woman with dark hair and eyes, wearing a reddish-brown top. She is looking slightly to the right and has her right hand raised to her face, with her index finger touching her cheek as if applying a cosmetic product. The background is a bright, out-of-focus indoor setting.

sun without lotion is like washing without soap

with us you will find the right cosmetic products for your business

At JK Cosmetics, we are on a mission to boost your sales and improve your product range. Our cosmetics sales team will be happy to answer any questions you may have. Whether you need personalized recommendations or just want to chat about all things tanning, we're just a phone call or email away.

The tanning cosmetics are carefully selected to give the user the perfect sun-kissed look. Whether you prefer a subtle glow or a deep, dark tan, we've got you covered. From our silky smooth lotions to the innovative active ingredients, every product is designed to give you a flawless, streak-free tan that lasts.

Here is a brief overview of available cosmetic brands with all the benefits for you and your customers.

Let's combine our forces and celebrate a successful 2024!

TANOVATIONS™

Are you looking for innovative products that stand out? Then Tanovations is the right choice! The skin-thirst-quenching, coconut juice-based products contain the latest tanning ingredients and high-quality anti-aging technologies, in large bottles that are guaranteed to be an eye-catcher. The luxurious texture and scents are to die for!

Skincare does not end in the solarium. The perfect After-sun brand to ensure a long-lasting and radiant tan. HEMP IQ offers hydrating care to take home so that every skin looks firm and radiant.

Body Butter™

A skincare line that looks after everything from head to toe. The heavenly Body Butter brand has everything a tanning customer is looking for. From facial care, leg care, oils, hybrid products to gel textures and bronzers, everything a customer's heart desires can be found here. The price-performance ratio ensures success in every studio.

The tried and tested and highly sought-after brand, powered by JK! For the ultimate skincare in combination with hybrid devices and Beauty-Light, C2 ensures a wrinkle-free and youthful appearance. True to the motto: Never change a working system!

Peau D'OR

Your customer is looking for something classy? Peau D'Or offers the right products! The paraben-free cosmetics provide an enviable tan. Using science-based methods to achieve tanning goals, Peau D'Or even uses 24 karat gold in one of their formulations. The carat number system on each tanning product makes it easy to identify the tanning level and strength of each product.

Tahnee

Looking for an inexpensive product? Tahnee is fun, affordable and fabulous! For a beautiful tan without breaking the budget. The line particularly appeals to younger customers thanks to its colorful and fresh selection.

devoted creations. SKINCARE

Our top-selling brand! The indulgent Aloe-Vera based skin care which provides unmatched results and hydration. Devoted Creations offers a broad selection of exquisite products with different volumes, scents and tanning ingredients as well as innovative anti-aging technologies. Any tanning wishes can be fulfilled, each skin care concern is addressed and each product is a game-changer.

Please note that brands such as Devoted Creations, Peau D'Or and Tahnee are exclusive in some countries. Should you be interested in these, please send a short inquiry to info@jk-cosmetics.com and we will be happy to provide all further information on the brands we can make available to you.

original lamps

Only the original guarantees optimal performance.

The tanning result is only as good as the lamp in combination with the corresponding sunbed. The original light sources from the market leader are perfectly adapted to your Ergoline sunbeds. Our development department guarantees, in close collaboration with the leading lamp producers, the optimal performance of lamps in the sunbeds. In this connection, all variables, e.g. acrylic bases, distance of lamps to the body and cooling are taken into consideration to achieve the best performance. For all-round beautiful tanning results and satisfied customers.

made in germany

guaranteed quality pays off

All components we use in our sunbed production are made of high quality materials, which are all tested for resistance against UV light, cleaning fluids and other potential hazards as well as potential health risks. Our state-of-the-art manufacturing technologies and qualified staff ensure exceptional high quality workmanship. Every Ergoline sunbed undergoes a variety of functional tests before it leaves the factory. We were the first sunbed manufacturer to be certified by TÜV for compliance with the EN ISO 9001 quality standard, confirming our claim to quality.

glossary sunbeds

#

2-ZONE VENTILATION

Addition to Surround Cooling Plus: ventilation can be adjusted separately for body and face.

3-ZONE VENTILATION

Addition to Surround Cooling Plus: ventilation can be adjusted separately for feet, body and face.

3D-SOUND

Sound system with two loudspeakers, sub-woofer, SD card slot and AUX connection.

A

ACTIVATING LIGHT TECHNOLOGY

Blue LEDs for activating the organism and intensifying the immediate tanning effect.

ADVANCED PERFORMANCE

Conventional power supply units, with Super, Twin or Turbo Power.

AIR CONDITION PLUS

Cooling system for the base and tanning tunnel.

AQUA FRESH

Refreshment with a fine mist in the facial and body areas.

AROMA

Range of fragrances for relaxation, including fragrance for the cubicle depending on the model.

B

BASIC COOLING

Adjustable facial ventilation.

BEAUTY LIGHT

UV-free, red light for skincare.

BEAUTY LIGHT LED

LED technology with UV-free, red light for skincare.

BEAUTY SELECT

Selection of tanning programs and UV-free skincare.

BEAUTY LIGHT COMPLETE

Skincare incl. Beauty Light LEDs for face and body.

BLUETOOTH CONNECT®

Connection to smart phones via Bluetooth®.

BLUE UV

Models with blue coloured UV tubes (Ergoline Blue).

BODY SHAPE

Ergonomically designed acrylic base with integrated headrest.

BODYFORM PLUS

Ergonomically designed base for entry-level models.

C

CINEMATIC SOUND

High-quality sound system incl. SD card slot and Bluetooth® Connect.

CLIMATRONIC

Climate control system with cooling and heating.

CLIMATRONIC PLUS

Climatronic with closed tanning tunnel.

COMFORT COOLING

Ventilation with standard flow of air for head and body.

COMFORT COOLING PLUS

Dual circuit ventilation system with ventilation individually adjustable for head and body.

CONTROL CENTER

External display for adjusting comfort and intensity.

D

DYNAMIC PERFORMANCE

Dimmable, electronic ballasts for always for 100% reliable performance, always.

E

ELECTRONIC VOICE ASSISTANT (E.V.A.)

Voice control for operating the sunbed using voice commands.

EXTERIOR TOUCH CONTROL

Large 10" external touch display with video function.

ERGO LINE BLUE

Low-pressure lamps with a combination of UV and blue light.

F

FROSTED ACRYLIC

Frosted, ergonomically designed acrylic base with integrated headrest.

FUSION TECHNOLOGY

Combination of Activating Light and Beauty Light for an intensive tan with skin care.

H

HYBRID PERFORMANCE

Combination of two types of lamps (UV + Beauty Light).

HYBRID PERFORMANCE (LED)

Combination of two types of lamps (UV + Beauty Light) and additional LED technology.

I

INDIVIDUAL PERFORMANCE

Individual UV spectrum (UV-A / UV-B) on the Sun Angel.

INTERIOR LIGHT

Mood lighting for the interior in stand-by mode.

INTERIOR LIGHT LED

Mood lighting for the interior in stand-by mode with LEDs.

INTERIOR TOUCH DISPLAY

Large 7" internal touch display for easy operation during the tanning session.

L

LED LIGHT SHOW

LED mood lighting with a selection of colours and lighting effects.

LED MOOD LIGHT

LED mood lighting with static colours.

M

MOOD LIGHT

Illumination in the chassis with LEDs for some models.

MP3 AUX

MP3 player/smartphone connection with audio cable.

MULTI RELAX

Ergonomically designed acrylic base with integrated headrest and foot supports for a seamless tan.

N

NFC CONNECT

NFC interface for the easy transfer of comfort and device settings.

P

PERSONAL SUNSTYLE

Selection of various UV intensities.

PROFESSIONAL SET-UP MANAGER

Easy device setting on the large internal or external display.

PROFESSIONAL SET-UP MANAGER PLUS

Extended easy device setting on the external touch screen.

S

SENSOR

Intelligent skin sensor to measure individual UV sensitivity.

SERVICE LIGHT

Illuminated base to make service and maintenance easier.

SHOULDER TAN LED UV

Shoulder tanners with UVA LEDs and two UVB compact lamps.

SINGLE SOUND

Loudspeaker with possibility of connection to studio channel.

SMART CONTROL

Glass control panel with display.

SMART CONTROL PLUS

Optimisation of the Smart Control interior display: colour display with higher contrast.

SMART LIGHT PERFORMANCE (SLP)

Facial tanning technology with a combination of UV and Beauty Light.

SMART PERFORMANCE / POWER

Static electronic ballasts with energy-saving function.

SMARTSUN

Low pressure lamps with a combination of UV and Beauty Light.

SOUND MODULE

Amplifier, headset and MP3 connection as an addition to Single Sound.

SPECTRA

LED facial tanner from Ergoline.

SURROUND COOLING PLUS

Equable cooling with ventilation channels over the entire body.

T

TIME CONTROL

Integrated timer function for operation without a separate studio control unit.

TOP COOLING

Ventilation system via a fan in the top of vertical sunbeds.

U

ULTRA PERFORMANCE

UV facial tanners featuring a glass reflector and filter glasses with special coating.

ULTRA PERFORMANCE PLUS

Ultra Performance technology with additional UVB spaghetti lamps.

V

VIBRA SHAPE

Patented vibration plate with side-alternating vibration for vertical sunbeds.

VOICE GUIDE

Explanation of all functions by a pleasant voice.

W

WIRELESS CHARGING

With wireless charging, your smartphone charges while you enjoy your sunny getaway.

BE ONE WITH THE SUN

Ergoline
